Different types of languages spoken by people from different regions but the most important thing is that any language when spoken, it should be spoken correctly. The two common languages that our children should be able to speak fluently are Hindi & English. Since English is a universal language spoken and understood by people all over the world, we want our children also to be proficient in speaking it and for this we need full support and co-operation.

- ❖ Don't interrupt grown – ups who are speaking with each other unless there is an emergency.
- ❖ If you need to get somebody's attention right away, the phrase 'excuse me' is the polite way for you to enter the conversation.
